SHOT FROM AMBUSH.

Thirty Imported Negro Miners Shot
Into in Indiana.

SIX MEN WOUNDED.

A Stockholder in the Mine Is Serious-
ly Shot and Two Negroes Are
Fatally Wounded—More
Trouble Expected.

Evansville, Ind., June 21.—The coal
miners struck assumed a serious aspect
here early this morning. Oper-
ators of the Sunny Side mine had im-
ported 30 negro miners from Kentucky
and were delivering them at the mine,
when unknown parties concealed in
bushes near the mines, opened fire on
the negroes. It was very dark and a
stampede followed. Some of the non-
union men responded with revolvers and
many shots were fired. Six men were
badly wounded. James Moore, a stock-
holder in the mine, was shot in the back
and is likely to die. Henry Smith and
John Phillips, both colored, were proba-
bly fatally shot. El Geiger, a mer-
chant, Charles Smith and John Nor-
worth, both colored, were each badly
wounded.

A riot call was sent to police head-
quarters and response given. The at-
tacking party all disappeared.

There is great excitement in the vicin-
ity of the mine. The negroes are hud-
dled in a building and another assault
is expected.

Coal Miners Strike.

Wellsboro, Pa., June 21.—A big strike
of coal miners is on 20 miles from here.
The trouble has been brewing for some
time and finally 800 miners quit work,
demanding 60 cents a ton. They have
been receiving 45 cents. It is reported
that the miners at Morris Run have also
struck. The Arnol mines are owned by
the Erie railroad and the Morris Run
mines by the New York Central rail-
road.

Negro Miners Taken to Kansas.

Birmingham, Ala., June 21.—Two car
loads of negroes, many of them experi-
enced coal miners, left here for the Weir
City district in Kansas, where they will
go to work in the coal mines where a
strike has been on for some time. The
negroes were gathered in the Birming-
ham district and know nothing of strike.
This is the second lot of negroes carried
away from here for the Weir City dis-
trict in the last two weeks, and their
removal is being felt.

Pittsburg and Gulf Charter.

Houston, June 21.—A report sent out
from Austin that suit would be entered
for forfeiture of the charter of the
Kansas City, Pittsburg and Gulf road is
without foundation. While the Texas
law requires receivers of all roads to be
residents of Texas, in this instance, the
line is interstate in character. The
receivers are directly under the control
of the Federal court, and they have a
representative in the state. R. A. Greer
of Beaumont, who qualified as such some
time since. Attorney General Smith
has given no serious attention to the
matter, which was called to his atten-
tion some time ago.

Returned as from the Grave.

Lebanon, Mo., June 21.—Jasper Wil-
son, who served in the Second Arkansas
volunteers during the war with Spain,
and whose widowed mother lived in
Lebanon, was reported to have been run
over by the cars and killed near Steu-
benville, O., some weeks ago. He greatly
surprised his mother a few days ago
by walking into the Wilson home in
good health. The victim of the Ohio
accident had been identified by Joseph
Hickman, an acquaintance of young
Wilson, who now lives at Steubenville.
There has been much rejoicing in the
Wilson since the young volunteer's re-
turn.

Sensational Suicide.

Galesburg, Ill., June 21.—A stranger
committed suicide in Mayor Parmenter's
store in Knoxville, Ill., under singular
circumstances. He bought a revolver
and some cartridges and then loaded
the weapon. The clerk turned away for
a moment, and when he looked back saw
the man holding the revolver to his
head. The clerk rushed forward, but be-
fore he could reach the stranger the latter
had fired and fallen dead.

Married Sixty-nine Years.

Richmond, Ind., June 21.—One of the
oldest married couples in the United
States resides at Medoc, a few miles
northeast of this city. They are Ira
Swain and his wife. Mr. Swain was
married to Phebe Macy Sep. 9, 1830, and
they have lived together for almost 69
years. Five children were born to them,
and two sons are now living, one in
Indiana and one in Kansas.

To Prosecute the Baker Murderer.

Lexington, Ky., June 21.—It is stated
that Governor Bradley will appoint
Judge Denny, Jr., of this city, the com-
monwealth attorney, to investigate and
prosecute the murderer of Tom Baker.
Judge Denny has had much experience
with mountaineers and is perfectly fear-

less. The report that Tom Baker's
widow is dying is untrue.

Three Persons Badly Burned.

New York, June 21.—A furnished
room house kept by Mrs. Caldwell on
Seventeenth street, was badly damaged
by fire and three of the inmates burned,
one fatally.

Commodore Badger Dead.

Concord, Mass., June 21.—Commodore
Oscar C. Badger, of the United States
navy, retired, is dead, aged 76 years.

BLUEFIELDS QUIET.

Merchants Again Settling Down to Busi-
ness After the Revolution.

New Orleans, June 21.—The steamer
Breifond, of the Bluefields Steamship
company, has arrived in port from Blue-
fields. When the fruit ship sailed the
political situation was very quiet. In
fact, the town is moving quietly as be-
fore the outbreak of last February.
Merchants are again settled down to
business and the people are moving
about as they did during the previous
quiet times.

An effort made by General Estrada
to raise funds for which to retire the
paper money in circulation, failed. For-
eign merchants did not care to invest in
the scheme. They realize that a revolu-
tion in the tropics was possible at any
time and if the present government was
overthrown, then the new government
doubtless would not recognize the
incoming government. As none of the
merchants expressed a willingness to
come to the assistance of Nicaragua, the
proposed plan was abandoned and the
paper money still remains in circula-
tion.

Three Cars of Records.

Atlanta, June 21.—The records of the
department of Texas for the past 30
years, which were brought to this city
in March, 1898, when the department of
Texas was abolished and moved to this
city as part of the department of the
gulf, are now en route to San Antonio.
Three freight cars are required for their
transportation. The records include all
orders, both special and general, issued
from headquarters of the department of
Texas. When the department of Texas
was reestablished several weeks ago,
with headquarters at San Antonio, or-
ders were issued for the records to be
shipped back.

Killed in a Saloon.

Galesburg, Ill., June 21.—Peter Bol-
lenbach, a prominent saloonkeeper, was
shot and killed in his saloon by L. A.
Lundervahl. Lundervahl demanded
from Bollenbach some money which he
claimed to have left in the saloon on
Saturday night. Bollenbach had no re-
collection of receiving the money. Lun-
dervahl left, procured a revolver and,
returning, again demanded the money.
Bollenbach again denied having it. Then
Lundervahl, disregarding the appeals of
a constable, fired the bullet, which pen-
etrated Bollenbach's heart. Lundervahl
is in jail.

The Choctaw and Gulf.

Russellville, Ark., June 21.—The
Choctaw and Gulf railroad has been
completed to Boonville, Ark., a distance
of 32 miles east of Howe, I. T., the start-
ing point, and the tracklaying machine
is moving at the rate of two miles a day.
The Choctaw has given official notice
that it will sell tickets to Mansfield, 27
miles east of Howe. Grading has been
completed on about 100 miles of the 165-
mile gap. At the rate they are moving
now it will be easy for them to make
through trains by Nov. 1, one month
ahead of the calculation.

Yellow Fever at Santiago.

Washington, June 21.—Yellow fever
has broken out in Santiago and two sol-
diers have died there and one at Puerto
Principe within the last few days.

Fourteen Cases.

Washington, June 21.—Surgeon Gen-
eral Wyman of the marine hospital ser-
vice has received a cablegram from Dr.
Park, quarantine officer at Santiago, re-
porting the existence of 14 cases of yel-
low fever and four deaths from that
cause. This is not the first report the
marine hospital service has received of
the existence of the scourge in Santiago.
Five days ago five cases were reported.

Austin Gets the School.

Fort Worth, Tex., June 21.—The com-
mittee appointed by the synod of Texas
to locate a theological seminary in the
state met here and unanimously agreed
to accept the offer made of the Stuart
seminary buildings and grounds at Aus-
tin for the theological seminary. This
proposition came from the trustees of
the Austin school of theology through
the heirs of the late Mrs. R. K. Red in
connection with the assets of the school
of theology.

Woman Commits Suicide.

Oklahoma City, O. T., June 21.—Mrs.
Jennie Couch, aged 35 years, committed
suicide here by swallowing carbolic
acid. She had been chatting pleasantly
with her husband just before she
took the poison. So cause for the
deed is known. The deceased was the
wife of Policeman Couch.

Nebraska Governor's Mansion.

Lincoln, June 21.—The state board of
public lands and buildings, authorized
by the last legislature to purchase a
governor's mansion, selected the home

\$20,000 was accepted by wire by Mr.
Thompson, who is now in Mexico.

Klondike's Clean Up.

San Francisco, June 21.—A letter from
Dawson dated May 26, says the clean up
for the present season will amount to
at least \$18,000,000, more than twice the
last year's yield. The portion of Daw-
son which was destroyed by fire April
25, is rapidly being rebuilt.

Killed His Young Son.

Shelbyville, Ind., June 29.—Enraged
at his 17-year-old son, Roy, who had
asked his father to stop punishing a
horse, John Youngman brained his
child with a club. Youngman is under
arrest.

Gates Out For Senator.

Chicago, June 21.—John W. Gates,
president of the American Steels Wire
Trust, is a candidate for senator from
Illinois. He hopes to succeed Cullom
and starts with Cook county behind
him.

"TIME IS MONEY."

"The Longest Way Round Is
Sometimes The Quickest
Way Home."

These wise old saws apply to the
new fast train service now in effect
via the Great Rock
Island Route,
while not the short
line everywhere,
we "get there,"
which is the main
point to be considered.

A whole business day saved is
one argument. A maximum of
comfort by reason of through ser-
vice, modern equipment; rock bal-
last; in short, an up-to-date rail
way, are several other arguments
to assist you in deciding how and
via what route to purchase tickets.

The new schedule is as follows:
Leave Fort Worth, 8:25 a. m.; ar-
rive Lincoln, 7:10 a. m.; arrive
Omaha, 9 a. m., connecting at lat-
ter point with train through Iowa;
arriving Des Moines; 4:39 p. m.

GORDON - SAUNDERS.

The Methodist Church the Scene of a Beautiful Wedding.

Mr. Robert McGowen Gordon and Miss Allie Clarke Saunders were united in marriage at the Methodist church last night at 9 o'clock by the pastor, Rev. J. B. Cochran.

The wedding was one of the prettiest and most interesting which was ever solemnized here and admiring friends of the popular young couple filled the church to the doors.

The decorations were tasteful and beautiful. Interwoven in the altar rail were green boughs. Festoons of vines converged from the chandeliers and windows to the center above the altar, where tall grasses and ferns were arranged with pretty effect.

The wedding party entered from the vestibule in the order given below, the bridesmaids by the right aisle and the gentlemen by the left: Miss McKenzie with John K. Parker, Miss Ethel Cavitt with John E. Astin, Miss Nellie Smith with J. E. Butler, Miss Josephine Clarke with Seth Mooring, the bride with Miss Frances Parker, maid of honor, and the groom with Mr. O. E. Saunders, brother of the bride and best man. The bridesmaids turned gracefully to the left and the gentlemen to the right on reaching the altar, in front of which the groom met the bride, and, with the attendants grouped to right and left, a pretty picture was formed while the lives and fortunes of the twain were united as indissolubly as their hearts.

Mrs. John K. Davis at the organ played Mendelssohn's wedding march while the party came in, the "Flower Song" during the service, and "Annie Laurie" as the party passed out.

The recessional was formed in reverse order from the processional and the carriages in waiting conveyed the party to the home of the bride's parents.

There the decorations were indeed exquisite for a white wedding. The front parlor was in white and green, with palms, ferns and vines. The back parlor was in white, with the many beautiful presents received by the happy young couple arranged on tables about the walls. The hall was in green and white and the sitting room fragrant and beautiful with cut flowers. In the dining room also the prevailing decorations were carried out and delicious punch was served. The guests were cordially received

ed by Mr. and Mrs. W. E. Saunders, Mr. W. A. Pattie of Virginia, Mr. and Mrs. R. J. Anderson of New Orleans, and Miss Pattie Shaffer of Virginia.

Mr. and Mrs. Gordon received congratulations under the decorated arch between the parlors. It was indeed a brilliant and a merry company, more than one hundred and fifty persons being present.

A luncheon of sandwiches, salads, salted almonds, pickles, olives and beaten biscuits was followed by ices and cake.

The bride's dress was of mouslin de soie over white taffeta, entraine and trimmed with ribbon and lace. A tulle veil with orange blossoms was also worn by the bride who carried bride's roses and ferns. The bridesmaids were in white organdie and carried la France roses.

Mr. Gordon is a native of Mississippi, but has lived in Bryan the past eight years occupying the responsible position of office man for the firm of Saunders & Johnson. He is a thorough business man by training and practice, and no young man here stands higher in the community socially.

The bride is the lovely daughter of Mr. and Mrs. W. E. Saunders. Born and raised in Bryan, she is loved by all the people among whom she has ever been like a ray of sunlight. Her light-hearted, merry laughter drives away frowns and leaves sunshine and smiles in the faces of those with whom she comes in contact. Her life has been a happy one throughout and the sincere wish of the Eagle is that it may ever remain so to bless and brighten the circle within which she moves.

Mr. and Mrs. Gordon are at home with Mr. and Mrs. Saunders.

CAUSED BY WEALTH.

Moses Chase Abducted on Account of a Valuable Estate.

Detroit, June 21. — Moses Fowler Chase, aged 21, has been abducted from the Hotel Cadillac in this city. Young Chase, who is said to be mentally incompetent, had been a patient at a sanitarium in Flint and was en route to his home in Lafayette, Ind., accompanied by his father, Frederick Chase, a lawyer. When the father and son arrived here the young man's aunt met them at the depot and hurried to the Cadillac. The father was unsuspecting. Sunday night a carriage drove up to the hotel and young Chase was taken to the Cleveland boat which, in the company of his aunt and two unknown men, he boarded. The party is traced to Cleveland, Cincinnati, Albany, N. Y., where the trail was lost. The fortune that the boy possesses is revertible to the aunt upon his death, which it is alleged furnished the motive for the supposed abduction.

The police of New York, Boston, Portland and Montreal have been notified to be on the watch for the party, the father and his attorney believe the object of the abductors is to take the young man out of the country. It is stated that upon young Chase attaining his majority the father's guardianship ceased and that the father was taking him to Lafayette for the purpose of becoming his guardian by the order of the probate court.

NEGRO LYNCHED.

Owens up to Assault and Tells the Mob to Kill Him.

Mobile, Ala., June 21.—Patrick, the assailant of Bessie Ireland, near Scranton, was lynched early yesterday. He was taken from the jail without anything further than a protest from the sheriff, the crowd being very large. When the noose was put around his neck he was asked to say what he wanted to say. Thereupon he said he was the man who had done the deed. Then he cried out: "Shoot me; shoot me. Get rid of me." With that he was strung up to an oak tree and shots were fired into his body. The mob at once dispersed.

Cloudburst in Ohio.

Louden, O., June 21.—The most terrible of cloudbursts occurred here Tuesday night accompanied by a severe electrical storm. Horsetail creek, a branch of Clear Fork, broke from its banks and the house of Mr. Hunter was swept away and completely destroyed. Searching parties have failed to find the Hunters. All the fine bridges on the stream above here have been washed out. Many horses and other live stock drowned and all farm products in the valley are lost. The damage to bridges and roadways will be more than \$100,000 and to property \$200,000.

Strikes Columbus.

Columbus, O., June 21.—A severe storm passed over Columbus. The wind reached a high velocity, but no serious damage is reported. Jacob Huffman, a farmer residing several miles southwest of the city, was killed by lightning.

Severe at Eaton.

Muncie, Ind., June 21.—A severe wind and thunder storm did considerable damage here. At Eaton three frame buildings were blown down. Trees across the Fort Wayne and Cincinnati tracks blocked trains for hours. A report reached here that many were injured in a cyclone between Portland and Ridge Hill. Wire connection has not yet been established.

Tornado at Hoopston.

Danville, Ill., June 21.—A tornado passed north of Hoopston last Tuesday evening doing considerable damage and killing some stock. It is reported much damage was done at Wellington.

Storm in Indiana.

Indianapolis, June 21.—A severe storm passed over central and eastern Indiana Tuesday evening, doing much damage. Near Daleville Charles Beeler was killed by lightning.

Killed by Lightning.

Lincoln, Neb., June 21.—During a severe storm here William C. Phillips, a watchman, was killed by lightning.

Young Man Killed.

Clarksville, June 21.—A young man by the name of Hawkins was instantly killed while chasing a cow at Reed's tank, some five miles west of here. He was going at full speed when nearing a tree he leaned to one side when the horse suddenly darted to the other side, when his breast struck the tree, killing him instantly.

Case of Smallpox.

McKinney, Tex., June 21.—Robert Veale of Little Elm was here and reported one case of well developed smallpox at that place. The patient is the little daughter of Pat Salmans, an ex-resident of this city. Twelve other persons are held in detention camps. Drs. Piner and Stover are physicians in charge.

Death of Captain M. P. King.

Brunswick, Ga., June 21.—Captain Mallory Page King, a member of an old and distinguished family, died here. Captain King was a banker. Thomas Butler King, his father, was one of the wealthiest planters in the south.

Harvesting About Finished.

Farmersville, Tex., June 21.—The harvesting of the grain crops is about finished and thrashing is the order of the day. Wheat is yielding 12 to 15 bushels and the grain is full and plump.

Found Dead in Bed.

McKinney, Tex., June 21.—Mrs. Duncan, an aged and respected negress, was found dead in bed here.

There was good attendance at the Baptist church last night and Dr. Bagby preached an able sermon on "The Last Night on Earth." Subjects for the evening sermons the remainder of the week are announced as follows: Thursday night, "Salvation, and How to Get It." Friday night, "Will Moralists Save?" Saturday, "Why Many Are Lost."

The Episcopal church and Sunday school picnic will be held Thursday at Thompson's creek. The Sunday school children will leave the church at 9 o'clock sharp. All the parents and members of the church and friends are invited to come and bring their baskets. There will be races and prizes for the children.

John Wilson requests the Eagle to announce that a team composed of Curtis Oliver, Ed Sanders, Frank Clarke, Houston Cole, John Wilson, Bob Odum, Walter Coulter, Horace Cavitt and George Willman will play the regular Bryan team in Knowles' pasture this afternoon at 4 o'clock.

Messrs. R. J. Parsons and Chas. N. McGaffey are here in the interest of the Modern Order of Praetorians, which carries social, life, accident and old age benefits, with the home office at Dallas.

The remains of Mrs. J. M. Lee, wife of Supt. Lee of the H. & T. C. who died in Waco, were brought through this city yesterday. Accompanying the party was Mrs. F. A. Lee of this city who went north by the noon train yesterday.

M. McDonald and F. C. McCracken of Macy, were here from Macy yesterday. Mr. McDonald called on The Eagle and reported plenty of rain recently with fair crop prospects for corn and good for cotton.

The plans for Allen Academy building submitted by Architect Jenkins were accepted by the board of directors yesterday morning. Prof. J. H. Allen being present.

The Eagle is informed by Prof. R. H. Price that the horticultural department of the A. and M. college is now shipping peaches to Dallas and Houston.

LOST—A little water Spaniel about five months old. Answers to the name of Dewey. Return to Mrs. March and claim reward. 177

Mrs. John Q. Tabor and children returned to San Antonio yesterday accompanied by Mrs. W. R. Rhodes and daughter, Miss Edith.

Fresh cold beer and lunch, Wooten Wells soda water always on hand at V. C. Marek's next door to Saunders & Johnson's. 171tf

LOST—On Friday night, a pair of traces from breast strap of buggy harness set—black. Reward for return to Mr. W. S. Howell. d3t.

W. A. Reed is suffering from a severe cut on his left arm, the result of the explosion of a soda water bottle while being charged.

The Robertson county grand jury has indicted County Judge O. D. Cannon for murder for the killing of W. A. Gray March 23.

June 25 and 7:00 a. m. June 26. Good from Houston on and up to and including 9:20 a. m. train June 26.

W. S. Wilson, Agent.

OPPORTUNITY'S VISIT.

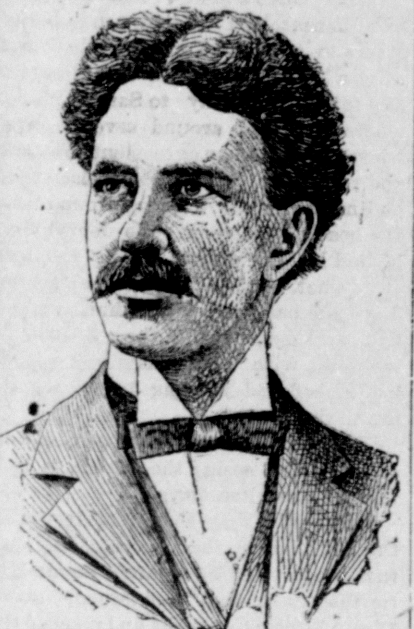

A Welcome Guest Who Never Calls the Second Time.

KNOCKS ONCE AT EVERY MAN'S DOOR.

What Dr. Seymour's Presence in this City Means to Those Afflicted With Poor Eye Sight.

They say that opportunity knocks once at every man's door. But an instant only does this winged messenger pause, and fleet indeed must be the one who would seize him. He never tarries and seldom does he call a second time. If his knock is unheeded, he hurries on, for he has a long calling list and can not linger on the way. If he finds you waiting for him he stretches out his hands and leads you swiftly to the path over which you should travel to reach your highest desires; then hurrying on, he seeks another, perhaps to find him too sluggish to move, so he whistles gaily and posting up a small sign which reads: "Opportunity was here and found you sleeping," leaves that man's side, perhaps, forever.

And yet opportunity seems to have special favorites, for he sometimes calls twice and even thrice on the

DR. SEYMOUR.
Nebraska and Texas.

same favored mortal, and he prods him with his golden lance and calls loudly on him to awaken, seeming loath to desert him and looking backward as he goes.

Those who have awakened only in time to catch the sound of his retreating footsteps or to see the reflection of his golden wings, feel all the sorrow contained in the little words "too late!" They determine never to be caught napping again and wait long and anxiously for the return of this messenger of joy, but though he comes near and they even hear him tapping on their neighbors' doors, all in vain do they stretch out their eager hands. He seldom comes to them again.

It is not always in the same guise that opportunity presents himself and so it is often difficult to distinguish him. He is a mischievous elf and oftentimes wears a long dark cloak to conceal his beautiful wings; therefore our eyes must be strong and our vision keen in order to penetrate his disguise, or we may let him pass unheeded by and thus miss our only chance of seeing him again.

Dr. Seymour's presence in this city is the golden opportunity that is knocking at your door this very day. He is offering you the priceless gift of sight, and you will have only yourself to accuse if you fail to take advantage of his skill and knowledge.

Having made the subject of eyes and eyesight a study for the greater part of his life, Dr. Seymour is an authority on the subject and his unbounded success wherever he goes proves his ability to correct all errors of refraction by the use of glasses properly fitted.

Dr. Seymour will be at the Exchange Hotel, this city, the remainder of this week. Consultation free.

Programme Masonic Celebration.

Following is the programme of the Masonic celebration and installation of officers of Brazos Union Lodge No. 129, at the opera house in Bryan June 24, 1898:

FROM TABORI!

I guess it is my time to say a few words this week. There was so few letters in last week's paper that I really thought that the correspondents had forgotten to write, but I could not blame them for we were all thinking of the nice time we were going to have on the 17th and 18th insts. and I am sure we were not disappointed for the good people of Reliance know too well how to make people enjoy themselves to let anyone come away disappointed.

Well, we had a fine rain last Friday evening, and, while it was in time, it did not come too soon to make the corn crop. It was sure a fine rain and will save the gardens, which would have soon been burnt up entirely.

We all enjoyed the picnic given by Prof. J. T. McGee at the close of his school on Cottonwood last Friday week. After the young people had spent the day as pleasantly as they do all picnic days, they gathered at the home of Mr. C. C. Ganaway for a social where they all enjoyed themselves until a late hour.

Band and Stringed Instruments.

Prof. F. H. Miller, band master at the A. and M. college, will remain at College this summer, and will give lessons on all band and stringed instruments. Address him at College, or leave message for him at The Eagle office.

NOT ENOUGH TROOPS.

Dr. McQuestin Believes Many Thousand Troops Needed in the Philippines.

San Francisco, June 21.—Dr. Charles McQuestin, who is on the staff of General E. S. Otis and who was health officer of Manila has returned home invalided by the climate. Captain McQuestin made a close study of conditions in the Philippine situation. He is of the opinion that it will take from 100,000 to 150,000 soldiers to properly subdue and hold the islands. He also says the peace commission is an absolute failure, and the work from the start was without effect. He strongly supports the military government of the islands except he thinks more men will be necessary than has been estimated. "Dr. Schurmann knows the commission was a failure and is coming home in July," added Captain McQuestin. "Unless thousands are sent to aid our men here, they will be driven back into Manila in the course of the next few months during the rainy season. Our men simply cannot stand the climate. Fifty per cent of them will be incapacitated by sickness, and the territory overrun will have to be abandoned. Manila will be in a state of siege again. Our officers and soldiers accomplished wonders and have proven themselves the best soldiers in the world. But nothing decisive will come of it because our men are not greater in force. One of the great dangers our men have to face is the climate. New comers will be at a disadvantage because

the volunteers who are returning home are inured to the climate. This will make more men necessary than we otherwise would have put in the field. As a matter of belief the Filipinos think they have the Americans licked already."

Spanish Minister for the Philippines.

Washington, June 21.—The Spanish minister has been advised of the appointment by the Spanish government of Senor Tuis Marinas, as consul general at Manila. This completes the appointments to the more important stations in Cuba, Porto Rico and the Philippines. Senor Marinas, while stationed at Manila will have jurisdiction of all the Philippines. He has been Spanish consul at Baltimore, Savannah, Key West and New Orleans.

Mails Not Censored.

Washington, June 21.—The allegations that the mails sent homeward by Nebraskan and other volunteers in the Philippines, had been censored at Manila have brought out an official denial by Director of Posts Vailie at Manila. Director Vailie says: "It is not necessary to assure you that I am not risking my personal liberty by allowing any letters to be tampered with, and it will be useless to assure the originator of this absurd story of censorship of the mails that he is mistaken, because he knows that the story was manufactured for political reasons."

Enlisting Negroes.

New Orleans, June 21.—Captain Terrett, who is in charge of the United States recruiting office in this city, will begin enlisting negroes for service in the Philippines. It was not thought originally that there would be any enlistment of negroes at New Orleans, but instructions have been received to secure a limited number to fill up the quota of the Twenty-fifth regiment.

Rainy Season Begun.

Washington, June 21.—The rainy season, so long deferred, has at last begun in Cuba. Assistant Surgeon General Grubbs, of the marine hospital corps, writing from Cienfuegos, says: "The most important sanitary event of the week was the sudden advent of the rainy season, which has been so long expected and needed. With the natural reserve of water about exhausted, cisterns low and foul, wells and springs dry and the city water undrinkable, a serious outbreak of intestinal troubles was daily expected. I hope, however, that danger is past, for the half dozen heavy rains have laid the dust and put several inches of water into the cisterns."

Sword Found After Thirty Years.

Springfield, Ills., June 21.—Several days ago Governor Tanner received a communication from James H. Jones of Jones's Mill, Ala., stating that he had recently come into possession of an old sword, lost on Kennesaw Mountain, Ga., on June 27, 1864, and which bore an inscription that seemed to be "To Major, Eureka, Ills., Eighty-sixth Illinois Volunteers." Governor Tanner referred the communication to Rev. A. G. Goodspeed, the chaplain of the regiment, who succeeded in locating the owner of the longlost weapon. The proper inscription on the sword is Jo Major, Eureka, Ills., 86th volunteers. Jo Major still resides at Eureka.

Robinson Pays a Big Fine.

St. Louis, June 21.—Rather than appear in police court to face the charge of mashing preferred against him by Mrs. E. T. Ustick, Frank E. Robinson entered his appearance through Attorney Carl Otto and accepted a fine of \$200 and costs, amounting in all to \$206.50. This Judge Kinsey agreed to accept, and the bond forfeiture was then set aside, entry upon the records being made that "defendant pleads guilty; fined \$200 and costs."

Died of His Injuries.

Quincy, Ills., June 21.—O. G. Athey, of Vinita, I. T., a stockman, who was run over by an engine in the railroad yards, died from his injuries in Blessing hospital.

Cattle With Tuberculosis.

Lincoln, June 21.—In the herd of 156 cattle on the farm of the Illinois asylum for feeble minded children, 26 were found to be afflicted with tuberculosis.

WILL RUN NO RISKS.

General Ludlow Has Ordered Compulsory Vaccination at Havana.

Havana, June 21.—Major Gen. Ludlow has issued an order directing a general revaccination in Havana. It is the result of a few sporadic cases of smallpox. He desires to maintain the present exceptional health conditions and record. No attempt will be made to secure lymph from the United States and the supply of 1000 points now on hand is for the most part ineffective. The authorities, however, have a lot of fine calves that are well cared for on the city farm, and these will serve the purpose.

THE OTHER DENIES.

John Sands Goes into Details and Reveals the Fact That the Woman Was Shamefully Treated Before Murdered.

San Antonio, June 21.—Two negroes are in jail here for the Madarasz crime. They are John Sands and J. W. Hart.

The negroes are Bahama island negroes and speak a negro dialect with a broad English accent and a slight transposition of theirs. One is a fullblood Ethiopian, while in the other there is a strain of Caucasian blood. One is well educated and inherently shrewd, while the reverse is the case with the other.

The officers brought with the prisoners a confession made before County Judge Hopkins, Deputy Sheriff Van Riper, Ranger Sergeant Bates and several other officers and taken down in writing. The confession in substance is as follows:

"John Sands and J. W. Hart had gone from Pensacola, Fla., with a number of others to work at Tampico, Mex., but after a short while had left Tampico and made their way to San Antonio, where they laid around several days, when they made an agreement to attack and rob an old woman whose place they had noticed while walking around near the head of the river. He denied that he had hit the woman with a hammer or hatchet, but said they had beaten down the back door with a hammer and had carried along with them a bottle of kerosene, with which they had sprinkled the bed and flooring before setting fire to the house."

He said they had struck a match on entering and, seeing the woman in bed, both had assaulted her.

Sands said that they had inspected the place during the afternoon and, returning to town, prepared themselves for the attack; that they returned about 11 or 12 o'clock at night and reached the premises by jumping across the river where it was very narrow; that they had found the hammer near back door and made use of it to break in the back door.

He said that after the crime he and Hart gradually made their way to Laredo and then into the section of the country where they were arrested.

In confessing the Madarasz crime he described the Madarasz place, which is a nursery, accurately as a place with large pecan trees and many flowers. He says Hart hit the woman but did not kill her, and then lifted up the mattress from which he took some greenbacks and silver.

Hart denies the crime. He says he reached quarantine at Tampico on the morning of April 30, the very morning of the Madarasz murder, and that he and his partner, Sands, did not leave Tampico until June 6.

He has dates down very accurately before he had learned of Sands' confession. Hart said he knew Sands well and had traveled with him to Tampico and back, but after the confession became known to him, Hart said he had a slight acquaintance with Sands, or Carey, as he called him, having seen him in Tampico on several occasions.

Yellow Fever Preventive.

New York, June 21.—Dr. Alvah P. Doty, the health officer of the port, is much elated over the successful results of the experiments with a serum produced at his laboratory for the prevention of yellow fever. For the past 18 months Dr. Doty and his assistants have been producing this serum at the quarantine laboratory and have inoculated a number of guinea pigs previously fed with germs of yellow fever. For some time the experiments have been doubtful in their results, but for the past month or six weeks they have succeeded in preserving the lives of the animals, thus affording sure evidence of the value of the serum in the prevention of yellow fever. Dr. Doty says he will send samples of the serum to his agent at Havana, where it is expected that it will be used with success in the preservation of the lives of yellow fever patients.

Murders in India.

London, June 21.—A dispatch to the Daily Mail from Simla says over 50 villages have been burned in the Timmely district. At one town more than a hundred murders were committed. The victims in many cases were literally hacked to pieces and then thrown into the flames of their burning houses.

Child Severely Injured.

Marshall, Tex., June 21.—Robert Whaley, the 9-year-old son of P. G. Whaley of this city, was severely injured in a runaway two miles south of this city. The little fellow sustained a severe contusion of the breast on the right side and a broken rib.

Two Suspects Arrested.

Dillon, Mont., June 20.—Two men supposed to belong to the gang that held up a Union Pacific train at Wilcox, Wyo., for whom a reward of \$3000 each was offered, was arrested here.

Constitution Rejected.

Providence, June 21.—The state constitution which was submitted to the voters of the state Tuesday, was rejected by almost 3 to 1.

WILL RUN NO RISKS.

General Ludlow Has Ordered Compulsory Vaccination at Havana.

Havana, June 21.—Major Gen. Ludlow has issued an order directing a general revaccination in Havana. It is the result of a few sporadic cases of smallpox. He desires to maintain the present exceptional health conditions and record. No attempt will be made to secure lymph from the United States and the supply of 1000 points now on hand is for the most part ineffective. The authorities, however, have a lot of fine calves that are well cared for on the city farm, and these will serve the purpose.

It is estimated that within 30 days 175,000 people will be vaccinated. Those who wish to evade the rule will find that they have been recently vaccinated this year. General Ludlow will give the course he proposes, with a view to prevent any possible spread of the disease.

Tuesday morning Brig. Gen. George M. Randall, commander of the insurgents in Havana, was off the course of the day he paid 800,000, selecting 40 applicants whose names do not appear on the rolls. Some enterprising person, who apparently has a supply of arms, has been offering them for sale at \$13 a weapon. If he continues at this he will probably be placed under arrest.

A committee of leading Cuban lawyers has handed Governor General Brooke a report regarding the salaries and methods of the provisional government, comparing the present with the former regime. It shows that during the first five months of 1898 under the Spanish regime there was expended \$126,905, whereas during the first five months of the present year the expenditure was only \$75,607. The committee asserts that under American supervision the work is conducted much more expeditiously and with far better results.

PRAISES GENERAL WILSON

Cubans Satisfied With His Management of Matanzas and Santa Clara.

Havana, June 21.—A long letter from prominent Cubans in the province of Santa Clara to a well known Cuban here highly praises the work done by Major General Wilson, military governor of Matanzas-Santa Clara department. The letter says that General Miguel Gomez, civil governor of Santa Clara, is in perfect accord with General Wilson's ideas; that the province is improving at a remarkable rate, and that wherever misery is encountered it is General Wilson's plan to facilitate remedial measures by engaging the Cuban to work for themselves. The letter goes on to say:

"General Wilson realizes the necessity of something besides rations and is directing all his energies to restoring the fields to a condition where they will include their natural richness. At the same time he exercises military rule, but with justice, gentleness and impartiality. If he is allowed to carry out his program the two provinces will be prosperous in the course of a few months. While on his last tour of inspection he corrected many abuses at Trinidad; removed a number of unjust regulations established there by former officials. General Wilson has satisfied the people wherever he has gone."

This testimonial to General Wilson's policy is all the more significant because his scheme of giving land, cattle and money to all deserving Cubans making application for them, with the approval of the governors of the other provinces, when he submitted it at the time of the recent conference between the governor and the provincial governors in this city.

General Miguel Gomez has discharged the mayor of Lajas, province of Santa Clara, on discovering that he had falsified the pay rolls of the Third corps, including the names of men who had never seen service, and excluding the names of many veterans.

A dispatch from Mantanzas reports a child sick with yellow fever there, and the mother suffering with some light form of fever not yet diagnosed. The child has been isolated.

General Gomez Will Be There

Havana, June 21.—General Quintin Bandera has written to General Gomez from Santiago saying that the Cuban assembly will meet on June 30 and inviting Gomez to be present. Gen. Gomez replied:

"You may depend upon my help and upon my being disposed to work with the same energy in times of peace as in times of war."

The correspondence is accepted as proof that the sincerity of Gomez is winning friends for him even among his former opponents.

No Change Will Be Made.

Washington, June 21.—The board of officers appointed by General Brooke to investigate and make recommendations regarding the army ration, have prepared their report and it will be forwarded to the war department. No change is recommended in the report, though a slight modification of the manner in which a saving on rations is suggested. This portion of the report has been considered by General Brooke, who says that it would be impracticable while the men are in the field, and therefore may not be adopted. It relates mainly to the system by which the savings of the men on rations allowed shall be invested and represent a credit instead of a company fund.

Her Fifth Trip to the Alter.

Independence, Kan., June 21.—At Sedan, west of here, W. B. Pile, aged 87, and Mrs. H. H. Vanliuven, aged 69, were united in marriage. This is the third time that the groom has been married and the fifth time for the bride.
